

Student Presentation Idea in Virtual Environment

Instructions for Students to Use Screencast-o-matic to Record Presentations

The instructions below should be inserted for students in the Rich Content editor of the discussion or you may [import a template from Canvas Commons](#)

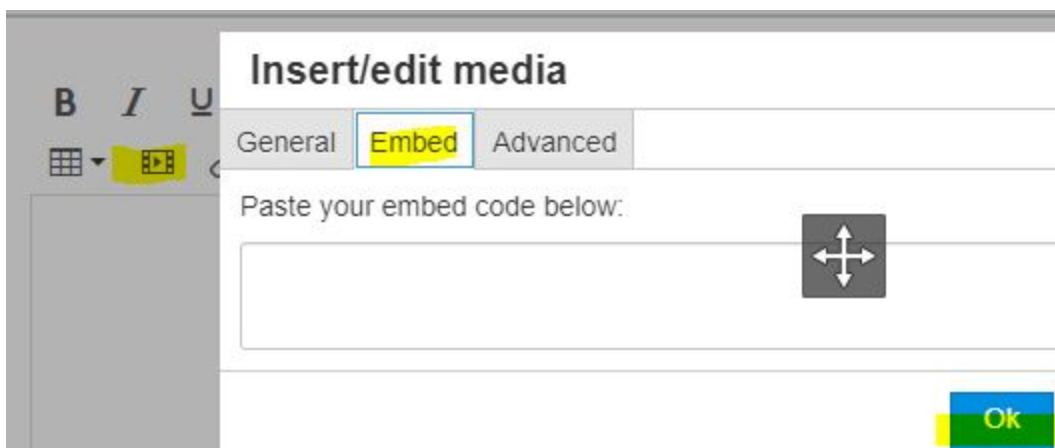

Follow these steps to record and embed your videos in this discussion post:

1. Record your presentation with your PowerPoint or Google Slides using Screencast-o-matic (SOM). It is a free online application that allows for free screencasting of up to 15 minutes. <https://www.youtube.com/watch?v=uyocCvbYabA>
2. Upload the video to SOM: [Watch the video](#)
3. Get the embed code from your uploaded SOM: [Watch the video](#)
4. Click "**Reply**" here in the discussion.
