	Works Cited Checklist
	Begin your Works Cited on a blank page
	Center the title: Works Cited
	Put your sources in alphabetical order
	Include correct and complete source information for each citation. Not sure? Check a model.
	Use a hanging indent: first line of each citation at the margin, each line after that indented
	Italicize the title of full-length works like books or journals
	Italicize the title of websites
	Enclose the titles of short works in quotation marks like chapters or article titles
